Downagie, June 25th, 1858.

Ample arrangements are being made at the different Hotels in this village to furnish tables to all who may desire on Saturday next. They will be fully prepared to accommodate all who may favor them with a call.

N. Cutting has disposed of his stock of Jewels in this village, and removed to Niles, which place he intends to make his future home. He intends traveling with a wholesale stock of Jewels.

M. J. Baldwin, of the Union Hotel, at Cassopolis, is a fine landlord, keeps a good Hotel, and makes it a point to have all who may favor him with a call go away satisfied. Try him when you have occasion.

"YOUNG AMERICA FIRE COMPANY."

Such is the title of a Fire Company just organized in this village. They will make their first appearance in public, in uniform, at the Celebration on Saturday next. They are all young men, and we have no doubt had they an engine placed at their disposal would do good work.

The last Lansing Republican contains the valedictory of C. B. Stebbins, its late editor, and the announcement that Rufus Hosmer, Esq., of the Detroit Advertiser, is to assume the editorial management of the paper. Under the charge of Mr. Hosmer, the Republican will certainly rank among the leading papers in the State.

We have received the first No. of the Monroe Independent, a new German paper just established at Monroe, Mich. It is neatly printed, and we presume will edit from the known ability of the man who has charge of its columns, but we couldn't tell from the reading of it for the life of us.

MICHIGAN CENTRAL R. R.—ELECTIONS OF DIRECTORS.—We learn from the Detroit Tribune that the annual election of the Central Railroad was held Monday, June 28th. The following Board of Directors were chosen: J. W. Brooks, H. B. Forbes, Nathl. Thayer, H. H. Hunsnewell, H. E. Warren, of Boston; Erasmus Corning, Albany; D. D. Williamson, Thomas Tilton, New York; Elton Farnsworth, Detroit. No change was made in the officers of the Company.

Several of the papers along the line of the Michigan Central Railroad have given their views in regard to the best point at which to hold the next State Fair. Kalamazoo seems to be the place receiving the most favor, and we think it would be the best point in the State at which to hold the next Fair, since the people of Jackson do not want it there. We think it would be for the interest of the Society to hold the Fair this year at some point other than Detroit.

The Ann Arbor Journal contains an account of two men being buried in a well in that city, in consequence of its caving in. They were buried to the depth of 35 feet. The caving was occasioned by the cutting giving away. The people took active measures to relieve them with but faint hopes of finding them alive. After digging over 30 hours they were heard to say, "we were both alive—work away." Food and water were sent down to them, and after 25 hours in their perilous condition, they were brought out safe and sound.

The Camp Meeting at Pokagon, which closed on Tuesday last, was very largely attended. We are pleased to learn that it was entirely free from the many disgraceful scenes which usually attend such meetings. There was no liquor sold on the grounds, nor no bucking of any kind going on. We were never finer looking during the entire meeting to be in hand and quell any disturbance that might occur. It is variously estimated that there were from 4,000 to 5,000 persons in attendance on Sunday last. From our own observation we are inclined to believe the latter is the most correct estimate.

We last week took a trip over the southern portion of our County, and were highly pleased with the general appearance of the people, &c. We never saw finer looking wheat than greeted our eyes on this trip. One also took very fine and forward. Corn looks much better than we had anticipated, and we think the prospect is quite fair, in this County, for a very good yield. We learn from farmers from different parts of the County, that corn is growing very well, and that a good crop is yet expected. We shall soon believe that the farmers in this section tell us, that their crops never fail them.

## Later from Europe.

HALIFAX, June 28.—The steamship Arabia, from Liverpool, 10th, arrived this P. M. June 23d, noon, carried the telegraphic expedition, standing west, in lat. 53 deg. 36 min., long. 30 deg. 58 min., possibly the Niagara. From her position it would appear that the spot for uniting the cable had not been quite reached.

The Arabia reports a gale from W. S. W. on the 25th, and the weather not so moderate as usual in June.

The imports into New York for the week ending June 19, amounted to \$2,356,238, against \$4,214,790 for the same time last year. The total imports to this date at the same port are \$159,110,709, against \$516,061,075 last year, being a decrease of \$357,950,355. This shows a favorable state of things for our country in the present depressed condition of trade.

The St. Louis Democrat, after asking what the national Democracy has entailed upon us, answers:

A bankrupt government, a violated flag, a conquered West, a desolated territory, an imbecile President, a drunken Governor and corruption permeating every department of the public service.

VERY LIBERAL.—The Cass County National Democrat, in defending the extension of slavery policy of the administration, says:

"The course of the South towards new States and Territories has always been liberal."

Very liberal, indeed. If a Territory wishes to come into the Union with any number from one to forty thousand, with slavery, the South and the democratic party have said "come," but if the Territory was likely to come as a free State, they have always said they must have four times as much population.

Very liberal—Detroit Adc.

## GREAT SALE

### OF STATE LANDS IN MICHIGAN.

MICHIGAN STATE LAND OFFICE, Lansing, June 2d, 1858.

THE public offering, at Lansing, Mich., of about 2,000 acres of the lands which were granted to the State by act of Congress, act of February 2d, 1857, and described by their legal subdivisions in the circular of this paper, which are herewith circulated, will commence at the Capitol of the State on Wednesday, the 25th day of July next, and be continued from day to day, until they shall all have been offered, in the manner and on the terms published in the supplements of this paper, beginning in Monroe County, in the southeast corner of the State, and continuing thence in a westerly direction, offering all that are advertised in each and every county in course through the State. By reference to the circular, containing descriptions of all length of all the lands advertised for sale, the quantity in each county will be seen.

The progress of the sales from day to day will be reported to the public in the State Gazette, and in all the newspapers published in the State, so that all desiring to purchase land in certain counties only, may thus be posted, to save them the unnecessary time and expense of attending through all the sales.

The terms of sale to those who make affidavit, personally, before the Commissioner, at the time of sale, according to law, of their intention to buy "actual and bona fide settlers" on the land within your front, the purchase, as required by section 5th of the act passed February 2d, 1857, will be 25 per cent. of the purchase price for both down, and the balance in ten years at the option of the purchaser, with annual interest of seven per cent. Persons looking for land to settle upon, who expect to avail themselves of the benefit of making but the one bid, and who must make their selection in one body, and in addition to their own affidavit, must furnish the Commissioner, at the time of sale, with the affidavit of the Supervisor of the town in which the land is located, (the supervisor's affidavit may be taken in his own county, or before one qualified to administer oaths), or of some other one satisfactory to the Commissioner, that it is valuable mainly for agricultural purposes, and not for timber, mines, salines, &c. The same person will be entitled under the law to but one privilege of settlement. From all who do not make a satisfactory affidavit thus to the Commissioner, the Commissioner will require that the land be sold, in such cases as required on the day of sale; but no oath is required by the law of those who pay in full on the day of sale, the land is not to be sold, and for false or fraudulent bids, according to the law, and the Commissioner will require that the land be sold, in such cases as required on the day of sale;
